How to Get Aptos Airdrop? – A Step-by-Step Guide

Step 1: Joining the Forum and Interact

1. Visit the Aptos Forum website by clicking here – Aptos Forum
2. On the top right corner select "**Log in**" and choose the medium through which you would wish to join the platform
3. You can choose to sign in with either Discord, Google, or GitHub. For the purpose of this article, we will use Google Sign in
4. Select the option and choose the account with which you want to log in
5. Now under the username option enter whatever you would like your username to be
6. Read and agree to the Aptos Terms of Use and Privacy Policy and select continue
7. Once you have joined the Forum start interacting with the platform as much as possible

Step 2: Create a Martian Wallet

1. Download the Chrome extension wallet using this link
2. Click on Add to Chrome followed by Add extension
3. Now click on martian wallet under Chrome extensions
4. After that, a new web page will open where you will have to click on Create a new wallet
5. Read and accept the privacy policy
6. Create a password and confirm it
7. Select Continue
8. Now you will be given a seed phrase that you have to store carefully and never share with anyone
9. Again click on continue
10. Choose your notification setting and choose to continue
11. Click on Finish
12. Now your wallet will be all set up
13. Do some swap on Aptos as well as on the SUI network

Step 3: Create a Pontem Wallet

1. Download the extension on your Chrome browser by clicking here
2. Click on Add to Chrome followed by Add extension
3. Now click on Pontem wallet under the Chrome extension
4. Click on Create Wallet
5. Create a strong password that has low predictability
6. Click on Create
7. Once your wallet is created click on Finish to complete the process
8. After the wallet is created click on the resolve to find your seed phrase. This phrase is the only

way to recover your account and must not be shared with anyone
9. Perform swap, bridge and stake

Step 4: Create Multiple Aptos wallet

There are multiple Aptos wallet. Petra, Martian are some of the popular Aptos wallets.

Step 5: Interact with NFT Marketplaces

Join and interact with some Aptos NFT marketplaces. Following is a list of our top picks.

- Bluemove
- TopaZ
- Souffl3

Step 6: Join the Aptos Names platform and Interact

1. Visit the Aptos Names website by clicking on aptosnames.com
2. On the top right corner select “connect wallet” and choose the wallet through which you would wish to join the platform
3. Click on the wallet of your choice.
4. Enter the password to unlock the wallet
5. Click on Approve once you have read all the terms and conditions.
6. After that authorize the pop ups from your wallet and switch the network
7. Under “Your Aptos identity starts here” enter your domain name. A mix of alphabets and digits costs you a smaller domain fee
8. Then click on Register
9. once you have joined the platform you can start using it as much as possible

Step 7: Use the Aptos Bridge

1. Visit the official website of Aptos Bridge.
2. On the top right corner select connect wallet and choose the wallet you would like to link with the bridge
3. Once you have approved all the pop ups from your wallet, it will be connected to the platform.
4. In the upper “from” section and in the lower “to” section select the networks
5. Then select the kind and amount of tokens that you wish to bridge
6. Click on Transfer
7. Approve all the pop ups and your funds would be bridged

Conclusion

Aptos is committed to innovation and staying at the forefront of the blockchain ecosystem. Users can engage confidently with a variety of decentralized applications within this ecosystem. Aptos is all about pushing the boundaries and creating a platform that offers a seamless and trustworthy experience for its users. With its adaptable architecture and strong dedication to pushing boundaries, Aptos is poised to become a key player in the ever-evolving world of blockchain.
